

Good morning and Happy Friday!

Class Rules

Under Opti class rules, all sailors need to bring TWO bailers that are tied into their boat, a paddle that is also tied into the boat, and a painter (8m long). We will be doing safety check before hitting the water, so please make sure that your sailor has all the required gear.

Reusable Water Bottle

This event is registered as a Clean Regatta through [Sailors for the Sea](#). One of our goals is to be a disposable water bottle free event, and we need your help to do that! Please ensure that your sailor has at least one, two is even better, water bottles with their name on it. There are refill stations set up throughout BBYC, and the safety/support/coach boats will have water so your sailors can refill on the water.

Registration

Registration will be open Friday evening from 7-8:30, if you wanted to drop off your boat and get registered/checked in early you are more than welcome to! Registration opens Saturday morning at 7:30 in the Wardroom (the upstairs of the main clubhouse). Even if you are registered early, you will still need to head upstairs to check in and get your registration package and gear!

Lunches

We are providing lunches, and you were asked to choose which kind of bagel sandwich your sailor will want. We are providing Tupperware for all sailors to put their lunches in, and will write their name and home club on both the top and bottom. Your sailor will need this to get lunches both days, so please help them remember to bring it! This is just one of the other steps that we are taking to be a Clean Regatta and reduce our waste.

Extra Event Details

- Mike Todd will be our Guest Coach on Sunday, and will be doing a debrief with the sailors on Saturday after racing.
- The [Canadian Sea Turtle Network](#) will also be at the event around supper time on Saturday with an information booth and specimens!
- There will be a BBQ on Sunday before/around awards (\$5 for a burger/hotdog/veggie burger and chips)
- There will be a 5 minute yard clean up both Saturday before dinner and Sunday before awards

Really looking forward to seeing you and your sailors tomorrow!
